

## **Insulin Safety Week 2018 – Save the date**

**May 14 to 20**

Together with Hypo Awareness Week, this year we are also running Insulin Safety Week across the UK and Ireland.

The first-ever, national Insulin Safety Week builds on interest generated by successful local campaigns across the country, including in Leicester, Hastings and Southampton. It will take place from May 14 to 20 and follow the same format as Hypo Awareness Week.

Meanwhile, on the back of the best-ever Hypo Awareness Week last autumn, which saw 343 sites take part, we are pleased to announce the date for this year's Hypo Awareness Week is September 24 to 30. This will allow more time between the campaign and the Quality in Care (QIC) awards as once again the Excellence Award will be presented at the QIC awards ceremony.

### **Dates:**

Insulin Safety Week – May 14 to 20

Hypo Awareness Week – September 24 to 30

### **Register:**

To take part, email [oliver.jelley@ojpr.co.uk](mailto:oliver.jelley@ojpr.co.uk). Please state which campaign you want to take part in or if you want to sign up for both. Also, please provide the following information:

- Lead organiser's name
- Name of trust/organisation
- Number of participating sites
- Telephone number

With warm regards Oliver Jelley

Date of preparation: February 2018
